Prices are subject to change without notice.

35mm Film Size. Process: ECN-II or SFW-XL.

Applicable Films: Seattle Filmworks; Signature Color; Eastman 5247 or 5294; Kodak Vision 2 or Vision 3 500T / 5218 or 7218.

Service Time: Up to two weeks in our photo lab.

Choose Matte or Glossy, 4x6 or 3½x5. Kodak Royal Paper. The default service is 4x6 Matte prints (if you don't specify).

Minimum charge: \$16.00 "Develop Only" service (if you only want the negatives processed, or if no images are visible on your developed film once the roll has been processed).

NOTE: Approximately 25% of old "Seattle" type films that we receive have no printable images. So there is a possibility that you will incur the \$16.00 minimum fee for developing your film into negatives, but no charge for printing, scanning or shipping your film back to you. In that case we send you an email notice letting you know that there were no images visible on your film after we developed the negatives.
