## Canvas Prints

Service Time: 8 Lab Days

Canvas prints provide a classic method for displaying your photographs or artwork. Using a 12-ink archival printer, your image is printed on *Lexjet Sunset Reserve Gloss Canvas* material. If requested, your print is gallery wrapped around a wooden stretcher bar frame, ready to hang in your home or office.

Canvas prints are available in several options:

- **Plain Canvas:** For those who want to stretch their own canvas, we supply your image professionally printed on canvas material. The image is the size specified below, with two inches of extra canvas material around all 4 edges, ready to stretch.

- **Stretched Canvas:** The canvas print is stretched onto a wooden "stretcher bar" back-side frame providing a complete internally framed artwork ready to hang and display. See options **A** and **B** below.

**Standard** stretcher bar frames measure 1 1/16" deep.

**Deluxe** stretcher bar frames measure 1 3/8" deep.

**A. Front-Printed Canvas:** Your image is printed to the front edges of the stretcher bar. White canvas is visible on the 4 edges of the stretcher bar frame.

**B. Gallery Wrapped Canvas:**

We mirror your image to wrap around the 4 edges of the stretcher bar, providing a pleasing 3-dimensional appearance regardless of one's angle of view.
